Compilation Album

it's 19 songs – the ones most voted for by you lovelies.
it's your words, your reflections on those songs.
it's our words, our reflections on those times.
it's poster art from Philly Jeff for the CD booklet.
it's a remake too of the earliest recorded BROTHER song,
with 'your backyard' producer Dave Dale.
it's gotten way out of hand but there's no turning back
now.
... on sale very soon...
